**Large Group Discussion:**

Anything to add to the report out from the small groups?	
What the region would like to prioritize in regional meetings over the next year. Ask if they would prefer regional efforts or would like to come together on topics of shared interest based on workplans? <ul style="list-style-type: none"> <li>○ Are there ideas for the top ways for the regions to collaborate?</li> </ul>	Likes meeting by Region – they are large counties and have more in common. It is extremely helpful. Not particularly helpful to hear what small counties are doing since it isn't comparable.  Riverside hosted SB and found it very useful and could see how they can adopt similar practices.

	<p>Breakout by size – even in a Region – might work for example with Imperial with smaller counties in breakout</p> <p>Meetings by where the county is at in implementation --- positive/challenges</p> <p>Breakout by business structure – one Agency (LA, Sacto, Orange)</p>
<p>How do the counties what they want out of Implementation Support Meetings.</p>	<p>Hosting --- County to County</p> <p>Contacts updated – future – email blasts that asks for contact updates</p> <p>Reach out --- how to let counties know that it is okay to reach out to other counties</p>
<p>What topics would they like to cover in general Linkages webinars over the next year.</p>	<p>Topics: Moving into prevention – secondary level of prevention. - Orange has a good foundation – so what are action steps that could take it further</p> <p>Who is involved in FFPSA – What does it look like in different counties.</p> <p>What other counties look like at CFT Meetings– when CalWORKs is at the Table look like? How does it look.</p> <p>CARES (for Linkages) – what benefits do we see – what should we be aware of before we go live? Are there opportunities we can look forward to?</p>
